Men Series 2000

The Men Collection offers classic and elegant models for men. Several models were created for progressive lenses in different materials with flex temples which are extremely resistant. They are made with three layers of paint and lacquer for protection. These classic models distinguish the elegance of a man.

Pages 3-9

WOMEN Series 2100

The Women Collection offers classic yet sophisticated and elegant models for women. Several models were created for progressive lenses in different materials with flex temples which are extremely resistant. These classic models distinguish the sophistication and elegance of a woman.

Pages 10-19

Unisex Series 2200

The Unisex Collection is for all ages. The materials utilized are stainless steel, acetate and TR90. Our models are very casual, sporty and colorful. This makes our models fun and different. Most of the models have flex temples and are extremely resistant. Our models are youthful and trendy.

Pages 20-33

kids Series 3000

The Kids Collection is designed for hip and trendy kids. The designs are colorful and fun. The materials are very resistant and durable. This collection includes a special kit which allows to hold the frame more securely. Also, in this collection there are two models with adjustable temples depending on the size desired.

Pages 34-41

TITANIUM Series 4000

These glasses have a unique pure titanium material which is lightweight and flexible. Some of our models weight only 1.9 grams. They are resistant to most types of temperatures and are hypoallergenic. All our Titanium frames have a vanguard design and unique hinges that are fashionably stylish. Our models are combined with acetate pieces made especially for this collection.

Pages 42-47

POP Material

MAXIMA POP Material includes a variety of promotional merchandise for customers such as displays, counter cards, and many more.

RAZZI

EYEWEAR

SUN Series 100

The Sun Collection is a fashionable line. They have polarized lenses with AR Coating inside. Made of stainless steel, TR90 and polycarbonate. Always looking to have a balanced fashion and affordable cost with attractive prices for all ages.

Pages 51-55

A c u a r e l l e Series 200

The Acuarelle Collection is a perfect balance between quality and price. Its designs are colorful with trendy and classic styles for all ages. The materials of this collection were made out of polycarbonate with a balanced standard of quality.

Pages 56-61

STEEL Series 300

The Steel Collection offers stainless steel frames with flex temples. This collection has basic colors and classic models for all ages. Its three galvanic coats makes it more resistant to the daily use and temperatures. It's the perfect combination between price and quality.

Pages 62-65

Flex 180° Series 400

The Flex 180 Collection is distinguished for its comfort and fashion. Our models offer temples with Flex 180 degrees, stainless steel front and multicolor acetate temples for all different tastes. This collection allows us to perfectly combine quality, comfort, and style.

Pages 66-69

VERSATILE Series 500

The Versatile Collection is for all ages. The materials utilized are stainless steel, TR-90, aluminium and polycarbonate. Our models are very casual, sporty and colorful. This makes our models fun and different. All of the models have flex temples.

Pages 70-75

T e c h F l e x Series 900

The Tech Flex Collection is for all ages. The materials utilized are stainless steel and acetate. Our models are very casual, sporty and colorful. This makes our models fun and different. Most of the models have flex temples and are extremely resistant. Our models are classic, youthful and trendy.

Pages 76-79

POP Material

RAZZI POP Material includes a variety of promotional merchandise for customers such as displays, counter cards, and many more.
